To Whom It May Concern:

I wanted to express my feelings about the quality of training that Westbrook ISD received from Mr. Ray Dunn and the folks at On the Mark and Guardian Securities. We are in the process of implementing local board policy that will allow concealed handgun carriers on our campus. Ray was in Westbrook last week for 3 full days of training, and I could not have asked for any better experience! I had heard that it was very good, but I was blown away. It was over the top, high quality, and so very practical. Our staff was highly interested and really enjoyed both the laser training and the LTC certification training. I would recommend Ray and this training to any school district or any entity, for that matter, that is looking at the possibility of having carriers on campus.

Sincerely,

Mr. Todd Burlison  
Westbrook ISD
