To Whom It May Concern:

During November of 2017, Ray Dunn from "On the Mark" came and gave our yearly update training for our safety team. The School Safety Training Course that is approved by the Texas Department of public Safety is an outstanding course. This training had new techniques, group discussion and planning, active scenarios, abundant live fire practice on the range that can and will be used by our Safety Team. I would highly recommend this training to any school or business that has or is interested in having a campus carry team.

Sincerely,

*Brian Patterson*
